A SCOUT REACHES LIFE RANK AND DESIDES HE WANTS TO BECOME AN EAGLE SCOUT, HE NEEDS TO COMPLETE ALL OF THE EAGLE SCOUT RANK REQUIREMENTS

HOW MUCH TIME DOES THIS TAKE??????????????????????????????????

CONSIDER THE FOLLOWING AS TO THE EAGLE SCOUT LEADERSHIP PROJECT

Find a project	6 weeks
Meet with the Unit Leader	2 weeks
Meet with the group who will benefit from the project	2 weeks
Complete the Service Project Workbook	4 weeks
Receive approval from your Unit Leader	4 weeks
Submit to and receive approval from the District	8 weeks
Execute project	6 weeks
Complete final write up of the Project	4 weeks
Total	36 weeks

Keep in mind, while all of the above is going on the Scout should also be finishing his merit badges, meeting the leadership requirements with his unit, participating in Troop Meetings and Outings/Activities, filling out the Eagle Scout Rank Application, securing the Letters of Reference, writing a Life Ambition Statement, participating in a Scoutmaster's Conference, securing the required signatures for the Eagle Scout Rank Application, plus any other actions required. On average, another **8** weeks could be added to the timeline. Consider Holidays, Vacations, School Activities, and Family Activities, add another **8** weeks +/-.

THEN, turn all of the completed required paperwork to the Lawrenceville Service Center. All of this before age **18!**

THE ANSWER, the math puts you at 52 weeks which equals

ONE YEAR
