

Junior Leader Orientation Workshop

Natural-born leaders are rare. The rest of us can learn to be leaders and training can help. The more practice you get the better you can be. Scouting is a time to practice.

The Sweetwater District is sponsoring a workshop for boys that will teach the principals of shared leadership as outlined in the Scoutmaster's Junior Leader Training Kit, year 2002 edition. Concepts from the new National Youth Leadership Training (NYLT) will be introduced and a module on how to run a successful Patrol Leaders' Council (PLC) will be presented.

All scouts are invited to attend the workshop. This will be especially valuable for new scouts and boys who are in a leadership position for the first time. However, older scouts may also find the event to be rewarding.

Scouts completing the course are entitled to wear the "Trained" patch.

**Saturday, Oct 6, 2007,
from 9:00 AM until
2:00 PM**
